Sec 5—Champion Bull

Sec. 6—Reserve Champion Bull

CLASS 2—ABERDEEN-ANGUS

Same sections as in Class 1.

CLASS 3—HEREFORDS

Same sections as in Class 1.

RULES AND REGULATIONS

Health Requirements

1. All bulls must be from accredited herds or must have passed a T.B. test conducted by an officer of the Health of Animals Branch within 30 days of the date of the sale. No entries will be received from the owner of a herd in which reactors were found within the 60 day period immediately previous to the sale.
2. All bulls must be, — (a) from Federally listed herds, or (b) negative to a blood test conducted by an officer of the Health of Animals Branch within 30 days of the date of the sale, or (c) vaccinated in accordance with the provisions of the Federal-Provincial Brucellosis policy. If vaccinated, the vaccination certificate must be attached to the pedigree and forwarded at the time of making entry.
3. All bulls must be inoculated against shipping fever 2 - 3 weeks before the sale and an inoculation certificate signed by a Registered Veterinarian must be delivered to the Secretary-Treasurer before the commencement of the sale.

Judging and Inspection

4. Every bull delivered to the show and sale must be exhibited in his proper class and section and any bull that is not shown will be declared ineligible for the sale.
5. An official judge will be appointed for each breed and the three persons who receive these appointments will constitute the culling committee.
6. The official judge will classify the entries in each section into two groups — a first prize group and a second prize group.
7. After having done so he will place in order of merit the four top animals in each first prize group.
8. The three judges will examine the bulls in each second prize group and each judge, working independently of the others, will indicate on a form provided for the purpose, the bulls which in his opinion are unsuitable for use as sires.
9. If not more than one judge registers an objection to a bull, he will be eligible for the sale; if two judges register objections the bull will not be eligible for the sale but will remain the property of the consignor, but if three judges indicate that a bull is unsuitable for use as a sire he will become the property of the Ontario Beef Cattle improvement Association and will be sold for slaughter with the net proceeds derived from his sale being remitted to the consignor.

Conditions of Entry

10. All bulls delivered to the sale premises must be halter broken and equipped with a good halter.
11. Every bull entered in sections 1 and 2 must have a suitable bull ring in his nose at the time of delivery to the sale premises.
12. Every bull approved by the culling committee shall be sold without reserve to the highest bidder. There shall be no by-bidding by the consignor or by any person on his behalf. In the event that there is evidence of such by-bidding, the offender shall be excluded from offering any other bulls in the sale and in future sales held by the Ontario Beef Cattle Improvement Association, for such time as the Directors may decide.

Seller's Responsibility

13. Every consignor must assume full responsibility for all bulls in his consignment from the time they arrive on the premises until sold. The management will exercise every reasonable precaution to prevent loss or injury to any animal, but in no case shall the committee be held liable for any loss, injury or damage thereto.
14. The seller shall be responsible for all representations and for any erroneous information that may appear in the printed catalogue unless written notice of such error is filed with the Secretary-Treasurer one hour previous to the commencement of the Sale.
15. The seller must be prepared to guarantee each bull sold to be a breeder when such bull is 15 months of age or over. If after having been thoroughly tried under reasonable treatment and care, a bull of the age specified above proves a non-breeder, the consignor will be required to make such adjustment as may be decided upon by the Management Committee, provided the purchaser files with the Secretary-Treasurer of the Committee within 90 days of the date of the sale a protest supported by an affidavit that the animal is a non-breeder. Sellers of younger bulls will be required to make adjustments if bulls prove non-breeders at 15 months of age, in accordance with the decisions of the Management Committee, provided protests are filed in the manner described above within 60 days of the date on which the bull becomes 15 months of age, and the bull has been maintained in good condition.

Conditions to Purchasers

16. Every purchaser must make settlement with the Secretary-Treasurer of the Association within one hour of the conclusion of the sale. Purchasers from outside Canada will be required to make settlement at the current rate of exchange.
17. The purchaser shall not be entitled to have the bull delivered to him until payment in full has been made and an order signed by the Secretary-Treasurer for the delivery of such bull to such purchaser has been presented to, and left with the stable superintendent, together with a receipt for such bull, duly signed by the purchaser.

18. If any dispute arises between two or more bidders, such dispute shall be settled by the Auctioneer, and his decision shall be final.
19. All bulls shall be at the risk of the purchaser when sold. The Committee will take charge of shipping animals in accordance with directions of the purchaser. Bulls not to be shipped must be taken care of by the purchaser immediately after the sale.

Feed and Water

20. Hay and bedding will be supplied free of charge by the Management Committee; the consignor must assume responsibility for providing other feed.
21. The Management Committee will take charge of all bulls to be shipped by rail on the morning after the sale, and will feed, water and load the bulls in cars, but the seller must water and feed his entries on the evening of sale day. It is distinctly understood that the risk will remain with the purchaser, who may perform this service if he wishes.
22. Any consignor found guilty of neglecting to attend a bull as herein provided may be excluded from participating in future sales sponsored by the Ontario Beef Cattle Improvement Association.

Mail Orders for Purchase of Bulls

23. The Management Committee is prepared to purchase bulls for persons unable to attend the sale. Every reasonable precaution will be taken in carrying out the instructions of persons placing orders. Each prospective purchaser should forward to the Secretary-Treasurer of the Association a detailed description of the bull of his choice and a cheque for the amount which he is willing to pay. If a suitable bull can be purchased for less than the amount remitted, a proper refund will be made.

Association's Responsibility

24. It is to be clearly understood that the Association is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, and any legal action that may, in exceptional cases, be taken, must be between the buyer and seller themselves. In all cases, however, the influence of the Association will be exerted as far as possible to hold all parties strictly to these regulations.
25. The Management Committee reserves the right to decide any point not covered by the rules, which said Committee considers is necessary in the proper regulation and management of the Sale.
26. Every person who contributes an animal to the Sale, and everyone who bids at the sale, by so doing agrees to the foregoing terms and conditions of Sale.

J. FRASER McFARLANE,
Ailsa Craig, Ont.
(President).

W. P. WATSON,
Parliament Buildings,
Toronto.
(Secretary-Treasurer).

FINANCIAL ASSISTANCE

- 1. Every Ontario farmer who purchases a bull in this sale will be eligible for a grant equal to 25 per cent of the purchase price of the bull, but not exceeding \$150. provided:**
 - (a) that the purchaser has not already received a grant from the Ontario Live Stock Branch under the Bull Premium Policy during 1957.**
 - (b) that the bull proves to be a breeder after coming into the possession of the purchaser.**
 - 2. In the event that the bull proves to be a non-breeder and is replaced by another bull that has been inspected and approved by the Live Stock Commissioner, the grant payable on account of the original purchase will be paid on the bull supplied as a replacement.**
- N.B. Buyers are required to pay the full purchase price before taking delivery of the bull. The grant will be paid after the bull has proven to be a breeder and upon receipt of an application.**
-

PROGRAM OF EVENTS

- 1. Shorthorns will be judged on the evening of Tuesday, February 26th, commencing at 6:00 p.m.**
- 2. Aberdeen Angus will be judged on the evening of Wednesday, February 27th, immediately following the sale of Shorthorns.**
- 3. Herefords will be judged on the evening of Wednesday, February 27th, immediately following the judging of Aberdeen-Angus bulls.**
- 4. In each breed sale the order will be:**
 - (a) the grand champion bull;**
 - (b) the reserve champion bull;**
 - (c) the balance of the bulls that received individual placings in the order in which they are listed in the catalogue, and**
 - (d) the balance of the bulls of that breed in the order in which they are listed in the catalogue.**

ADVANCED REGISTRY POLICY

Under the Advanced Registry Policy for Beef Cattle young bulls are tested at the Ontario Test Station, Guelph, from the standpoint of rate and economy of gain, two characteristics which are highly heritable. In the case of the tested bulls entered in this sale the test commenced when they were seven months old and covered the 196 days following. At the completion of the test each bull was classified on the basis of his type and conformation.

Four bulls entered in this year's sale have completed or will complete the test before the date of the sale. The results of their performances are as follows:

1. Lot No. 47 consigned by J. Irvine Black gained 438 pounds in 196 days for an average gain of 2.23 pounds per day. The average amount of grain mixture per pound of gain was 5.89 pounds.
2. Lot No. 163, consigned by Mrs. Gerald Mann gained 453 pounds in 196 days for an average of 2.69 pounds per day. The average amount of grain mixture per pound of gain was 4.39 pounds. This bull was classified "very good".
3. Lot No. 164, consigned by C. Calvin Ireland gained 451 pounds in 196 days for an average of 2.68 pounds per day. The average amount of grain mixture per pound of gain was 4.08 pounds. This bull was classified "very good".
4. Lot No. 224, consigned by C. Calvin Ireland will complete the test prior to the date of the sale, at which time records of his performance will be available.

CLASS 1 – SHORTHORNS
